

C & N ASSOCIATES

MANUFACTURERS REPRESENTATIVES SINCE 1970

<p>Los Angeles Office 27433 Tourney Road, Suite 130 Valencia, California 91355 Tel: (661) 254-5844 Fax: (661) 254-5638 E-mail: cn@cnassoc.com http://www.cnassoc.com</p>	<p>Orange County Office 18430 Brookhurst St, Suite #105 Fountain Valley, California 92708 Tel: (714) 968-1300 Fax: (714) 968-2197 E-mail: cn@cnassoc.com http://www.cnassoc.com</p>
<p>APPLIED POWER SYSTEMS http://www.appliedps.com</p>	<p>U.S. designer and manufacturer of power systems: Inverters, Converters, rectifier assemblies, and power supplies, air or liquid cooled versions. Drivers for IGBTs, SCRs and MOSFETS.</p>
<p>CORNELL DUBILIER http://www.cde.com</p>	<p>Capacitors: aluminum electrolytic, screw terminal, snap in, miniature and radial Surface mount film, mica, polymer and aluminum capacitors. High voltage A.C. capacitors. MLS/MLP flat pack, hermetically sealed.</p> <p>ILLINOIS CAPACITOR - These products include: aluminum electrolytic, metalized film, power film, supercapacitors (ultra-capacitors)</p>
<p>ELECTROSWITCH http://www.electro-nc.com</p>	<p>Rotary Switches: open frame, enclosed, and sub-miniature. Miniature rocker, toggle, paddle & push button switches. Magnetic and mechanical encoders, solenoid assemblies. Indicator lights.</p> <p>CW SWITCHES - Slide Switches, Commercial and Mil-Spec connectors include socket connectors, header connectors, D-Subminiature connectors, card edge Connectors, DIP connectors, and PCB connectors.</p> <p>OSLO SWITCHES – Rockers, push buttons, and key lock switches</p>
<p>KNOWLES PRECISION DEVICES http://www.knowlescapacitors.com</p>	<p>NOVACAP - MLC capacitors, high reliability & commercial for Medical Implant, Aerospace, Military and EV applications in SMT and leaded configurations. Temp range -55 to +300° C. 4VDC to 10KVDC.</p> <p>SYFER - Chip capacitors: FlexiCap™ polymer termination, UL approved class X & Y, high voltage, large case size, and radial leaded. EMI filters: EMI chips, SMD pi-filters, X2Y chips, chassis mount filters and planar array</p>
<p>MECHATRONICS https://www.mechatronics.com/</p>	<p>Mechatronics is a well-established leader in thermal management, offering a wide variety of AC Fans, DC Fans, EC Fans, Blowers, impellers, ATEX solutions and accessories to industries such as Electronic, Food Handling, Medical, and HVAC for over 40 years.</p>
<p>MITSUBISHI https://meus-semiconductors.com/</p>	<p>Power Modules: DIPIPM, IPM, IGBT power modules, HVIGBT Modules, and SiC Power Devices</p>
<p>OHMITE www.ohmite.com</p>	<p>Resistors- Precision, High Power, High Current, High Voltage, Surge, Current Sense. Multiple constructions include Wirewound, Thick Film, and Composition.</p>
<p>RENCO http://www.rencousa.com</p>	<p>Chokes, Common Mode Chokes, Inductors, Surface Mounts, Toroids, and Transformers. Manufacturing capabilities in USA and China.</p>
<p>ROTECH http://www.rotech-busbar.com</p>	<p>Leader in the field of laminated bus structures for the interconnection of IGBT/IPM devices. Wide range of manufacturing experience in backplane, multilayer laminate and power conversion bus bars.</p>
<p>STANDEX ELECTRONICS - DETECT http://www.standexdetect.com</p>	<p>Manufacture of Reed Switches, Reed Sensors, Reed relays, Photo-MOSFET relays, Liquid Level Sensors and Floats.</p>
<p>STANDEX ELECTRONICS - EDGE http://www.standexedge.com</p>	<p>Manufacture of standard and custom magnetics. Planar, Current Sense Transformers. Low and High Frequency Mil-Aero Magnetics.</p>
<p>TELEDYNE MICROPAC https://www.teledyne-ade.com/companies/micropac</p>	<p>High reliability optocouplers, LEDs, solid state relays, solid state power controllers, power operational amplifiers and optically isolated MOSFET switches. Electronic assemblies and multi-chip microelectronic modules</p>
<p>WAKEFIELD THERMAL http://www.wakefieldthermal.com</p>	<p>Thermal Extrusions, Bonded Fin, Folded Fin and Liquid Cold Plates. Board Level, BGA and LED heat sinks Thermal compounds, pads and tape, heat pipes and cooling assemblies. Wedgelocks, front Panels, enclosures, and subracks.</p>
